This report from the UC San Diego Chancellor’s Advisory Committee on the Status of Women (CACSW) summarizes our activities and recommendations from the 2011-12 academic year. The report layout has been revised to include a budget summary that will address any concerns of transparency and accountability. The executive summary presents the main CACSW activities, detailed reports from our four sub-committees and overall recommendations followed by the associated appendices.

In addition to the sub-committee reports and the work therein that largely comprise our overall recommendations, pages 3-8 (as well as Appendices A-D) should be read thoroughly for background information, context and rationale. Appendix G represents reports from our key partners who also do much work to improve the status of women on our campus (or in the UC system writ large) and welcome their contributions to this report.

Please accept our sincerest gratitude and appreciation to (former) Chancellor Marye Ann Fox for your dedication and exceptional leadership in support of this committee over the last eight years. The CSW remains honored to serve in this advising capacity to the Chancellor on the status of women on our San Diego campus. We also look forward to establishing a mutually beneficial relationship with the University’s recently appointed 8th Chancellor, Pradeep Khosla.

BUDGET SUMMARY

CSW received a total allocation of $6,500 this year from the Chancellor’s Office which has been expended in its entirety leaving a zero balance. Please see chart below for expense details:
STAFF ISSUES SUBCOMMITTEE REPORT
With CSWs annual focus dedicated towards staff this year, the Staff Issues Subcommittee dedicated its’ efforts on coordinating and hosting the 4th Annual UC San Diego Women’s Conference. In doing so, we accomplished the following goals in response to last year’s recommendations and beyond:

1. Successfully raised over $18,000 in sponsorships and in-kind donations (Appendix A – Conference Sponsors)
2. Increased the representation from Health Sciences, SIO, and the San Diego community as speakers/participants
3. Implemented feedback from survey and incorporated break-out sessions (Appendix B – Program Agenda)
4. Collaborated with other campus entities to enhance the resource fair (Appendix C – List of Resource/Vendor Fair Participants)
5. Received in-kind donation from Taylor & Pond Corporate Communications for a new conference logo that will help establish our branding across the campus and community at large for years to come. (image below)

This year’s event was the most ambitious and successful (see Appendix D) the committee has undertaken with a revamped program structure. In response to post-event survey feedback over the last three years, the committee delivered a program that included the following:
- keynote speaker
- topic variety across four over-arching themes (health & wellness, work/life balance, finance, empowerment/marketing yourself)
- break-out sessions (27 sessions across 7 meeting rooms within Price Center West/East)
- dedicated resource/vendor fair

With nearly 600 in attendance, this event provided an opportunity for staff to learn about effective strategies and tools in their professional/personal development journey. Barbara Field, this year’s keynote speaker offered an inspirational, witty and engaging presentation to the audience with practical takeaways. A comprehensive resource guide will be developed to address operational concerns in order to streamline effectiveness for new and continuing committee members.

RECOMMENDATIONS:
1. We recommend the establishment of a charter to be incorporated by future conference committees in order to:
   - define purpose that coincides with CSW’s overall mission
   - define membership composition, functions, and reporting in relation to CSW
   - define roles and responsibilities
   - develop meetings and events timeline
2. Determine and ensure tentative reservation on event space is submitted to One-Stop with a “hold” on date for next year’s event immediately following CSW Annual Retreat meeting
3. Research alternative event registration/management options (i.e., Development, Pay-Pal, Box Office, Publications/Communications etc). This will provide single source access for attendee registration, sponsorship/vendor fee applications & payment options, alternate arrangements etc.
4. Implore creative ways to ensure an economically self-sustaining conference as follows:
   - planning efforts should begin during Summer immediately following CSW annual retreat
   - seek sponsorships, in-kind donations, door prizes as soon as committee is established
FACULTY ISSUES SUBCOMMITTEE REPORT

Although, CSW’s focus for the year was directed toward staff, the following issues concerning faculty were discussed and events co-sponsored to address key recommendations and issues presented the previous year in which faculty were the primary focus:

1. FACULTY WORK/LIFE BALANCE
   a. Private lactation facilities to improve faculty work/life balance. Improve availability of lactation facilities. The creation of an online reservation system has been proposed.
   b. Affordable emergency/back-up child care and dependent care options. Amanda Chavez reported on work/life resources and a new program between UCSD and sittercity.com. Here faculty can obtain an account with the online service to access child care and dependent care resources.
   c. Clarity on the available support for fertility treatment under the various health plans offered to UCSD faculty and staff.

2. FACULTY EQUITY, RETENTION, SUPPORT
   a. Faculty equity and support in areas of STEM (Science, Technology, Engineering and Mathematics) were identified as a continued area of concern. The 2011 CSW report identified the lack of support and training to hire women faculty in the STEM areas, and to provide additional support to female faculty in STEM departments. Shelly Halpailn, Division of Biological Sciences Equity Advisor, discussed the finding that new female faculty are drawn to universities in which female faculty already have a presence, and are retained when a support network is established once hired. To address these issues a social was initiated and sponsored by CSW (Susan Marx, Faculty Co-Chair) for female faculty to have tea with Chancellor Fox. This event will provide a unique opportunity for female faculty to meet and form social networks, as well as to hear the important perspective of a female Chancellor on shared topics of interest.

RECOMMENDATIONS:

1. An increase in the number of lactation rooms on campus is an initiative addressed by CSW at the system wide level. CSW Faculty Co-Chair, Susan Marx, has proposed for a local initiative for the development of an online-scheduling system to better organize the use of the current lactation facilities at UCSD that are in high demand. Accordingly, discussions have been initiated between parties in the Computer Science Department and the Women’s Center.

WEBSITE and POLICY/BYLAWS SUBCOMMITTEE REPORT

The purpose of this committee is to update and maintain the bylaws and CSW website pages that reside on the Blink website. The site requires regular maintenance on the layout logic, content development/revisions/archives and ensuring that embedded links are active.

Updated Bylaws were approved in 5/2012 and will be reviewed at the first meeting of each year (next scheduled meeting 9/2012).

2011-2012 ACTIVITIES:
✓ Revised and presented Bylaws to the committee that was approved by voting members
✓ Developed a new webpage for CSW utilizing the Blink website
✓ Met monthly to discuss development and updating of CSW website
✓ Updated contact pages
✓ Updated roster

OPERATIONAL RECOMMENDATIONS:
1. Formally, seek input continued on the website content from the membership.
2. Assess website to determine new methods for linking to external content; including a more robust interaction
3. Name 2012-2013 committee chair to continue maintenance and updating of website
OVERALL RECOMMENDATIONS TO THE CHANCELLOR

I. Advocacy for Improved Insurance Coverage for Infertility: There is an inequity currently in the UC healthcare coverage that disproportionately affects women. As women make their way in academia and other professional roles, childbearing is often delayed in support of career advancement. This delay increases the likelihood of difficulties with conception, as women attempt to become pregnant at older ages. The current UC-sponsored insurance plans offer minimal coverage for assisted reproductive interventions. This can result in very significant financial hardship and associated emotional distress for those requiring such services. Debra Wells, Healthcare Facilitator, Benefits Office, briefed CSW with a comparison of existing benefits vs exclusions within all UC medical plans. We endorse this recommendation by WISE to advocate for changes to expand insurance coverage for such procedures in support of more progressive, inclusive, and non-discriminatory access to healthcare.

II. Develop and establish lactation room/facility online web portal: In concert with last year’s recommendation to increase the number of lactation rooms on campus in a system-wide initiative, CSW further recognizes the need to expand on this proposal. The development of an online scheduling system to better organize the use of the current lactation facilities at UC San Diego that is in high demand. Once established, this online reservation system can facilitate and monitor utilization of lactation facilities campus-wide. The current option is to contact the Women’s Center to secure the code for temporary use of a designated lactation room/facility however, this approach lacks streamlined effectiveness. Amanda Chavez, Work/Life Coordinator in Human Resources also provided an update on research of other institutions with similar support offerings that currently use mixed models to make this resource available. Follow-up brainstorming discussions among key campus partners are necessary to determine project feasibility, budget, contract/facility management, and technology platform development.

III. Advocacy for system-wide UC sponsored adoption benefits initiative. As adoption has gained in acceptance as a way to begin or expand a family, employees have become more interested in adoption benefits. Many prospective parents find it very difficult to adopt without the support of their employers. CSW agrees enhanced family-friendly work environments/policies help to attract, motivate and retain employees, increase employee satisfaction and engagement as well as increase customer service efforts across the organization. Two of the most compelling reasons we recommend UC consider offering such benefits are 1) equity and 2) fairness. Employees who choose parenthood through adoption should receive benefits comparable to those who have children biologically. Additionally, this initiative will help in the maintenance of productivity, retention of good employees, create a positive public image for UC, and equity in benefits for all employees. CSW further recommends research to be conducted at the system-wide level to include a cost-benefit analysis addressing potential adoption benefits: 1) information resources, 2) financial assistance, and 3) updated parental leave policies.

IV. Solicit and support professional development activities geared towards the movement of women to higher levels of leadership. Based on research and summary presentations to CACSW over the last two years by the following: 1) Jean Ferrante, AVC Faculty Equity (11/2010), 2) Mary Blair-Loy, Director, Center for Research on Gender in the Professions (1/2011), and 3) Paula Doss, Director, Equal Opportunity/Staff Affirmative Action (4/2012), CSW recognizes the overall slower rates of advancement and disproportionate lower salaries in comparison to their male counterparts. The rate at which faculty and staff promote and the disparities in salary affect their 1) productivity, 2) career satisfaction and 3) overall performance. CSW recommends campus-wide support for the development of professional development activities and resources with a strategic platform specifically aimed to narrow the achievement gap for female faculty and staff.

APPENDIX F - REPORTS OF CSW REPS TO OTHER COMMITTEES

SYSTEMWIDE ADVISORY CSW (SACSW): Tricia Bertram-Gallant
The SACSW met in October, February and June during the 2011-2012 academic year. Our work continued to pursue the May 2010 Report recommendations, with a particular focus on emergency child care and lactation accommodation. As a result, we are pleased to report that the University of California now has a contract with Sitter-City to provide child, adult dependent and even pet care options to all employees. The UC contract covers the administrative fees so that any employee can register, organize care and pay for the needed service on an as needed basis. Interested employees should visit [http://atyourservice.ucop.edu/employees/health_welfare/sittercity/](http://atyourservice.ucop.edu/employees/health_welfare/sittercity/) for more information.

We are also pleased to report that we are making progress on the lactation accommodation issue. Human Resource departments at each location were surveyed so that we could develop a more thorough and comprehensive understanding of the state of lactation accommodation across the system. After reviewing these survey results and engaging in several conversations with representatives on SACSW, SACSW will be including in our 2012 report some “5 Star” Lactation Accommodation Guidelines, as well as a proposal for an award program and a system-wide website to assist our working mothers in finding lactation accommodation and breastfeeding support. We hope to see those recommendations enacted in the 2012-2013 academic year.

CHILDCARE OVERSIGHT COMMITTEE: Tanaaz Jasani
The Childcare Oversight Committee (CCOC) met on 2/16/11 and 9/6/2011. During that time the committee reviewed the Student-Parent Survey Summary (2010) and worked with the new Student Parent Workgroup in support of improving communication about child care and family resources on campus. In particular, the Women’s Center worked in conjunction with the committee on strategies for students when requesting accommodation from a professor due to having to care for sick children. As a result the Women’s Center has produced a prototype of a Student/Faculty accommodation form. Jessica Geipel (representative from the Women’s Center on CCOC) has confirmed that these student parent projects and the formation of the new student parent web site (including childcare) will all be included in the report submitted by the new Director of the Women’s Center Marnie Brookolo. The results of collaboration between various committees and departments can be viewed on the Student Parent Awareness Initiative web site – [http://students.ucsd.edu/well-being/wellness-resources/student-parents](http://students.ucsd.edu/well-being/wellness-resources/student-parents).

MCDC opened a part-time option for additional child care on March 2009. In response to the Student-Parent Survey, beginning 9/4/2012, the department will be offering an extended day option at MCDC to better meet the needs of graduate parents.

2/21/2012 - CCOC met with Trish Dorman the Director of Campus recreation to discuss expansion of summer camps for school-age children in 2013 to accommodate need raised by faculty to offer more spaces. The committee also discussed implementation of Sittercity including glitches, tips and employee feedback which was very positive. Sittercity is now available on campus through their contract with UCOP.

5/15/2012 - Discussed childcare as a recruitment tool for UCSD, and initiated invitation for ECE department to meet with the Faculty Welfare Committee on June 13th to further discuss the possibility of guaranteeing childcare spaces for faculty and to include relevant items about childcare for faculty in their newsletter. Following the meeting, ECEC Business Manager forwarded information per their request on how this is handled at UCLA and other colleges. Discussion items relating to child care expansion etc. were placed on hold pending resolution of budget issues related to State Budget questions. CCOC was apprised that there would be an increase of tuition fees at ECEC due to increased operating costs. Rates had not been raised in 3 years.
In 2009/10 the committee worked with Amanda Chavez (Work Life) on initiating and establishing the UC San Diego Babysitting Resource program as a resource for parents needing childcare. Babysitters are registered UCSD students and the website can be located at [http://worklife.ucsd.edu/babysitting](http://worklife.ucsd.edu/babysitting). Other initiatives which Amanda Chavez (staff rep on Oversight Committee) provided input for on behalf of CCOC was the RFP created by UCOP for staff and faculty Emergency Back Up Care (now under Sittercity).

**CHANCELLOR’S DIVERSITY COUNCIL:** Davyda Johnson
The Diversity Council met quarterly during the 2011-12 academic year: October 22nd, January 26th & April 19th. In response to recommendations made to Chancellor Fox last fall, we continued to discuss Comprehensive vs. Holistic Review in Admissions and Enrollment Services for students. UC San Diego aims to make positive changes to improve the campus climate and broaden the richness and diversity of our student population on campus via admissions. A critical challenge for the campus is to remove barriers to access to higher education for historically underrepresented minorities. To address this, application reviews have been weighted and a parallel review process was implemented last academic year to determine significant outcomes of the diversity pool between the two. As mandated by UCOP, holistic reviews of all applications have been implemented for the current academic year. Additionally, our efforts focused on 1) contributions towards the development of a system-wide climate survey in response to the demonstrations of Winter Quarter 2010 2) impending appointment of VC Equity, Diversity & Inclusion to streamline campus diversity efforts 3) success of the new Bias Reporting system 4) faculty hiring/retention strategies, and  5) Black Resource Center proposal.

**COMMITTEE ON INCLUSION AND DISABILITY:** Paula Doss
The mission of the Committee on Inclusion and Disability, a group within the UC San Diego Diversity Council, is to ensure that the interests of UC San Diego students, faculty, staff and visitors with disabilities are included in all of the University's diversity-related goals, efforts, and programs. The Committee consists of faculty, staff, students and an alumna working together to achieve greater accessibility for students, faculty, staff and campus guests who have a disability. During 2011-2012 the Committee focused on electronic and physical accessibility. Among the guest presenters at Committee meetings were: Brian De Muelle (Campus Map Project), Nancy Wahlig (Lighting Survey Walk), Glynda Davis (UC Climate Survey) and Billiekeai Boughton (Veterans Resources). Through meetings with these presenters, partnerships were created. For instance, disability management team members will be participating in the Lighting Survey Walk this fall to identify possible access issues along the walking paths. Additionally, in 2012- 2013, the Committee will include CADRE (Community Advocates for Disability Rights and Education) and Veterans Association at UCSD representatives.

**POST-DOCTORAL SCHOLAR ASSOCIATION (PDA)**
We have not secured a representative for this committee however; we are committed to reinstating in 2012-13
APPENDIX G - REPORTS FROM CSW CONSULTANTS

CSW membership includes non-voting consultants representing the three Campus Community Centers - Women’s Center, Lesbian Gay Bisexual Transgender (LGBT) Center, and Cross-Cultural Center --- as well as other areas on campus that do work of interest to the CSW: Equal Opportunity/Staff Affirmative Action (EO/SAA), Office for the Prevention of Harassment & Discrimination (OPHD), Sexual Assault & Violence Prevention Resource Center (SARC), UC San Diego Staff Association Executive Board, Women’s Leadership Alliance (WLA), and Women in Science and Engineering (WISE).

We were pleased to add the following consultants to our roster within the last year:

- Academic Personnel: Kristina Larsen, Assistant Vice Chancellor
- Work/Life: Amanda Chavez

The primary role of the consultants is to provide monthly updates on the activities and issues of concern of their respective units and to report CACSW initiatives, concerns, and direction back to their units. Presented here, in alphabetical order, are the reports from the Consultants.

ACADEMIC PERSONNEL: Kristina Larsen, Assistant Vice Chancellor
Report not provided

CENTER FOR RESEARCH ON GENDER IN THE PROFESSIONS: Mary Blair-Loy, Director
Report not provided

CROSS-CULTURAL CENTER: Edwina Welch, Director
The Cross-Cultural Center took a more active stance in 2011-12 with academic and wellness program approaches particularly in relation women faculty, staff, and students. We continued our very successful ‘Breather’ series with specific attention to wellness and life balance activities (yoga, crafts, etc). The CCC also continued out work on showcasing films and workshops, particularly with student organization, around gender in a cultural and historical context. Our crowning highlight was our explicit and increased work showcasing both UC San Diego and system wide women faculty research and experiences in the academy.

- Faculty in Residence – Prof. Fatima El-Tayeb of Literature, Critical Gender Studies, and Ethnic Studies. She held classes and office hours in the Center and mentored/advised student organizations that are affiliated with the Center. On 02/09/12, she did a book launch of her new book – “European Others: Queering Ethnicity in Postnational Europe.”
- Author in Residence-- “Book Lunch w/ Donna Miscolta”: Book launch with lunch of “When the de la Cruz Family Danced” co-sponsored by Literature Department. A book on Pilipino American cultural and gender issues across different generations, but within the same household. (10/06/11)
- Social Justice LENS – “Activist Talks with Ninotchka Rosca”: a Pilipina American Feminist, author, and human rights activist will engage in radical conversations on feminist liberation and social justice with other UCSD activists. (10/07/11)
- Social Justice LENS – “Older Than America”: a film on the role of the Roman Catholic Church during Native American/Indian schools and the affects of religion and colonialism on culture, gender, and sexuality. (10/20/12)
- “Queer Jewish Women” discussion and film screening of “Kissing Jessica Stein” w/ Keshet & Hillel (01/25/12)
- Social Justice LENS – “Sisters of Selma” film screening & lunch: Documentary on Black & White Roman Catholic nuns during the Selma March in the 1960s against segregation, racism, and who marched with Dr. Martin Luther King Jr. (part of Black History Month) (02/28/12)
- Social Justice LENS – “Womyn of Color in the Academy”: Panel with 3 Womyn of Color professors and their experience in academia. Panel included Dr. Tara Javidi (Electrical & Computer Engineering), Dr. Tracy Johnson (Biology), and Dr. Fatima El-Tayeb (Literature, Critical Gender Studies, & Ethnic Studies) (03/09/12)
- “Hijabs & Hoodies” community dialogue and presentation with Black Student Union (BSU) and the Muslim Student Association (MSA) on racism, sexism, and Islamophobia in the United States in regards to Treyvon
Martin of Sanford, Florida and Shaima Al-Awadi of El Cajon – San Diego, California. (04/04/12)

- Breather Series – “Tales of Waria” film screening and discussion: Narratives of transgendered female and female-identified Muslim tribes/ethnic minorities of Indonesia and how religion plays on gender identity, femininity, and Westernization. (05/03/12)

- Author in Residence – Prof. Meg Wesling (Literature) launched her book “Empire’s Proxy: American Literature and U.S. Imperialism in the Philippines (America and the Long 19th Century)” which talks about American educational system’s role in the colonization of the Philippines and the role of American women in the process of education Pilipinos. (05/09/12)

- Author in Residence & CCC Intern’s Student Initiated Project (SIP) - Book launch & presentation w/ Dr. Sarita See (UC Davis – Asian American Studies): “Decolonized Eye” on the talk about art, activism, and aesthetics. (part of APIA Heritage Celebration) (05/25/12)

**EQUAL-OPPORTUNITY/STAFF AFFIRMATIVE ACTION:** Paula Doss, Director

The mission of Equal Opportunity/Staff Affirmative Action (EO/SAA) is to work in partnership with UC San Diego community members to promote equal opportunity in employment and business contracting, heighten the awareness of the importance of diversity and to maintain UC San Diego’s good standing as a federal contractor. In 2011/2012, EO/SAA monitored and reported workforce composition and staff employment actions on a quarterly basis and presented an annual briefing to the Chancellor and Vice Chancellors on workforce diversity and affirmative action progress. In January 2012, EO/SAA began coordinating an internal audit of UC San Diego’s EO/AA personnel policies and procedures with partners across the campus and Health System. In February 2012, in partnership with Staff Education and Development, EO/SAA launched the Culturally Competent Management Program (CCMP) for current and aspiring managers and supervisors, which includes a 3-hour E-learning course, a 4.5-hour classroom laboratory, and a 1-hour follow-up webinar. EO/SAA also began working on the development of the Equal Employment Opportunity (EEO) Staff Advisors Program, which is a cadre of staff advisors to support outreach and recruitment efforts and practices in order to further diversity at UC San Diego. Additionally, conciliation services and career development services were provided to UC San Diego staff. Services provided to women slightly exceeded their 66% representation in the workforce.

**LESBIAN GAY BI-SEXUAL TRANSGENDER (LGBT) RESOURCE CENTER:** Shaun Travers, Director

The Director of the UC San Diego LGBT Resource Center continues to serve in an advisory capacity to the Committee on the Status of Women. In that role, issues related to gender identity and sexual orientation, and in particular how those issues intersect with lesbian, bisexual and transgender women’s issues, are often highlighted through the course of the annual work of the committee. Presenters, due to the presence of the LGBT Resource Center Director, often must address LGBT issues within the context of their time in front of CSW, and this has continued to expand opportunities for dialogues related to gender identity and sexual orientation issues for the committee. Further recruitment of out LGBT committee members would enhance this focus for the upcoming year. For a full report regarding the work of the LGBT Resource Center at UC San Diego, please see [http://lgbt.ucsd.edu/History.asp](http://lgbt.ucsd.edu/History.asp)

**OFFICE FOR THE PREVENTION OF HARASSMENT & DISCRIMINATION (OPHD):** Lori Chamberlain, Director

The Office for the Prevention of Harassment & Discrimination (OPHD) provides assistance to students, faculty, and staff regarding reports of bias, harassment, and discrimination of all types, including sexual harassment. OPHD also oversees the online reporting system, Report Bias, which provides an avenue for reporting bias incidents on campus. In collaboration with other UC San Diego resources (Equal Opportunity/Staff Affirmative Action, Sexual Assault Resource Center, Intergroup Relations Program, and others) OPHD promotes an environment in which all members of the UC San Diego community can work, learn, and live in an atmosphere free from all form of bias, harassment, and discrimination. In addition, OPHD oversees compliance with the state-mandated sexual harassment prevention training for supervisors. An OPHD representative serves on the Campus Coordinated Community Response Team and on the Working Group established to update the Student Sex Offense Policy in response to guidance from the Office for Civil Rights.

**SEXUAL ASSAULT & VIOLENCE PREVENTION RESOURCE CENTER (SARC):** Nancy Wahlig, Director

During the 2011-2012 year, SARC continued to accomplish the goals of three grants: Department of Education, Department of Justice, and AVON Foundation. During Orientation, SARC presented violence prevention materials and
information to all incoming freshmen with the “Every Little BIT Counts” – bystander intervention program. SARC also launched a new campaign titled, “Cute or Creepy: Where’s the LINE?” that was supported with funding from the AVON Foundation. This campaign promoted healthy dating relationships and invited students to submit short videos educating one another about dynamics of a healthy relationship. In addition, SARC continued to train staff and student leaders on bystander intervention techniques. SARC has trained 257 UCSD staff over the last year and a half.

SARC also continued to meet regularly with the Coordinated Community Response Team (CCRT) to discuss enhancing student victim services and strengthening violence prevention efforts. The CCRT continues to grow and now has over thirty campus and community stakeholders that meet quarterly.

In the fall of 2011, VC Rue reconvened the Sex Offense Policy committee to review and revise the UCSD Sex Offense Policy. The committee has worked throughout the academic year on revisions and plans to submit a final policy for approval by Fall 2012. The revised policy will lay the foundation for comprehensive staff training on procedures and protocol. SARC will assist the Student Conduct Office on developing and implementing extensive training for Judicial Hearing officers.

For the third year, SARC and the Women’s Center have co-chaired the campus-wide committee on Sexual Assault Awareness Month. With support from the Chancellor’s office, the Vice Chancellor of Student Affairs, and the AVC of Health, Recreation and Well-being, a campus announcement was sent notifying the UCSD community about the events taking place during April and offering staff administrative leave to participate. During SAAM 2012, the inaugural “Take Back the Night Walk & Run” event took place with the support of the Health, Recreation and Well-being cluster. SARC continues to provide 24/7 crisis support services, counseling, and advocacy to UCSD students. Because of the success of outreach and educational campaigns, more students are utilizing SARC services. At the start of the 2011 academic year, SARC had already experienced a 110% increase in services provided from the previous 2010 academic year. SARC anticipates the increase to continue because of outreach efforts and more collaboration/training with the UCSD community.

UC SAN DIEGO STAFF ASSOCIATION EXECUTIVE BOARD: Leeann Dolbeck, Executive Board Representative

The 2011-2012 UCSD Staff Association Executive Board continues to be an excellent instrument for communication and sharing of information regarding updates pertaining specifically to staff as well as the diverse association events that are held throughout the year (i.e. Celebration of Abilities Month, A Taste of Africa, Black History Month Luncheon hosted by Black Staff Association, Chicano/Latino Association and Pan-Asian Staff Association, Veterans Recognition Ceremony, just to name a few). This year the Association Executive Board added a September “Kick-Off Meeting” to engage the members at the beginning of the year. The Staff Association’s major events, the Staff Appreciation Picnic and Holiday Pancake Breakfast, were considered highly successful and well attended by UC San Diego staff members. The “UCSD Staff Association Impact Award” is presented every year and honors an outstanding UCSD employee whose actions and leadership have made a clear and significant difference on the job that furthers UCSD’s mission: teaching, research, and public service; and/or made a positive impact on the local or global community. The recipient receives a $500 award. In addition, the Staff Association was a resource fair participant at the 2011 UC San Diego Women's Conference.

WOMEN’S CENTER: Marnie Brookolo, Director

This year was an exciting time for the Women’s Center as we celebrated our 15 Year anniversary. In November, the Center hosted a special event, Reflections on 15 Years, providing an opportunity for the community to commemorate this important milestone and for students, staff, faculty, and alumni to share their memories of the Women’s Center and the impact that the Center has had on their experiences at UC San Diego. 2011-2012 was also a year of transition for the Women’s Center. Emelyn dela Peña, who had served as Director of the Women’s Center since 2003, left the Center in August to take the position of Assistant Dean for Student Life at Harvard College. In June, The Women’s Center hired a new Director, Marnie Brookolo, who had formerly served as the Women's Center’s Assistant Director.

During this year of milestones and transition, Women’s Center staff was engaged in a variety of exciting work. The Women’s Center continued its successful integrated academic internship program, a partnership between the Campus
Community Centers, the Academic Internship Program, and Critical Gender Studies. The Center also continued to collaborate on campus wide programs and projects including Sexual Assault Awareness Month, World AIDS Day, and the Culturally Competent Management Program. A significant area of focus for the Center this year was working in collaboration with Student Wellness and other campus departments on developing resources focused on the needs of student parents. Student parents continue to be an underserved community on campus, and the Women’s Center will continue to work with campus partners in order ensure that the campus is able to better address the needs of this community.

WOMEN’S LEADERSHIP ALLIANCE (WLA): Judy Dolan, Theatre
The first meeting of the Women’s Leadership Alliance was on November 14, 2011. This fall event was centered on a discussion of campus diversity efforts at the graduate level. The Dean of Graduate Studies, Kim Barrett reported on the latest statistics and challenges that face women graduate students on the UCSD campus.

The WLA Spring event was held on March 14, 2012. Professor Mary Blair-Loy (Director of Graduate Studies & Founding Director, Center for Research on Gender in the Professions) presented a brief summary of the National Science Foundation PAID Divergent Trajectories grant proposal that was co-sponsored by Jeanne Ferrante (UCSD Faculty Equity AVC and Associate Dean, Jacobs School of Engineering) and Erin Cech (Stanford University). This five-year grant will explore issues of gender and race/ethnicity and how it affects faculty advancement, pay and career satisfaction. A discussion ensued about the UC Faculty Salary survey results with respect to gender, particularly in Biological Sciences. Professor Tracy Johnson gave a brief presentation on the diversity GE course requirement, including plans within the division to implement it.

The final WLA meeting was held on June 6, 2012. Discussion was focused on the direction that the group would like to take in 2012/2013. There was an agreement that the summer would be spent formulating online a set of recommendation for the incoming Chancellor Pradeep Khosla and the newly appointed Vice Chancellor for Equity, Diversity and Inclusion.

The Woman’s Leadership Alliance also co-hosted the Women Faculty Farewell Tea on June 22, 2012 with the Committee on the Status of Women to honor Chancellor Marye Anne Fox for her service to the UC San Diego community and for her efforts on behalf of women faculty during her tenure.

WOMEN IN SCIENCE & ENGINEERING (WISE): Mariana Cherner, Psychiatry
WISE co-hosted two events of interest to women faculty as follows:

1. **Breaking the Glass Ceiling - Women in Academic Medicine & Science:** A dinner symposium featuring a panel of accomplished women scientists and physicians to answer questions about successful trajectories and obstacles to success in academic medicine. Co-hosted by the SOM Department of Surgery

2. **Female Faculty Farewell Tea for Chancellor Fox:** An opportunity for women faculty to express appreciation for the Chancellor in an informal setting. Organized by CSW and co-hosted by the Center on Research on Gender in the Professions and Women’s Leadership Alliance.

**Advocacy for Improved Insurance Coverage for Infertility:** During this reporting period, WISE brought to the attention of the CSW an inequity in the current UC healthcare coverage that disproportionately affects women: As women make their way in academia and other professional roles, childbearing is often delayed in support of career advancement. This delay increases the likelihood of difficulties with conception, as women attempt to become pregnant at older ages. The current UC-sponsored insurance plans offer minimal coverage for assisted reproductive interventions. This can result in very significant financial hardship and associated emotional distress for those requiring such services. Debra Wells, Healthcare Facilitator, Benefits Office, briefed the CSW on the existing healthcare benefits. WISE would like to recommend that the CSW advocate for changes to expand insurance coverage for such procedures in support of more progressive, inclusive, and non-discriminatory access to healthcare.
WISE will meet in July 2012 to plan events and directions for the upcoming academic year.

**EMPLOYEE RELATIONS, POLICY DEVELOPMENT & WORK/LIFE (ERPDWL):** Amanda Chavez, Work/Life Programs

Over the past year, ERPDWL, a division of the Human Resources Department, has continued to implement programs with the mission of assisting staff in juggling their responsibilities at home and at work. ERPDWL would like to highlight the following:

- **Emergency Back-Up Care:** In the summer of 2011, Amanda Chavez represented UC San Diego on the RFP work group for the systemwide emergency back-up care program which was a systemwide CSW recommendation. Sittercity was introduced to faculty and staff during the October/November Open Enrollment period. ERPDWL worked on the initial marketing of the new benefit and held a meet and greet session with a Sittercity representative in February.

- **Health and Wellness:** ERPDWL continues to partner with systemwide wellness coordinators, Recreation and other wellness stakeholders to implement programs to help staff and faculty thrive. In 2011-12, ERPDWL held the first annual UC Eats Real, launched the THRIVE Challenge and coordinated the third annual UC Walks.

- **Lactation Program:** ERPDWL and the Women’s Center have begun to take steps in reestablishing the Lactation Steering Committee. ERPDWL continues to work with staff to make sure that accommodations are made to allow for time and private space to express milk.

- **Policy and Policy Programs:** This year, ERPDWL revised campus implementing procedures and implemented systemwide policy programs. Some of the changed or new programs include: Catastrophic Leave Donation Program (CLDP), Employee-Initiated Reduction in Time (ERIT) and the Phased Retirement Program.

STRONGER COMMUNITIES THROUGH EFFECTIVE MENTORSHIP PRESENTED THE 1ST ANNUAL DEBATE COMPETITION
(Using our brainpower to WIN!)

PURPOSE: By strengthening youths’ ability to communicate their ideas clearly, model professionalism, and negotiate with others we hope to empower youth to become independent thinkers and confident speakers. Many of the youth in the program do not have parent role models who have either completed college and have strong communication skills in English, there are few who acquire an income based on their ideas as opposed to manual labor. Furthermore, we hope to simulate environments where their thoughts and professionalism could also result in a monetary reward.

DEBATE STRUCTURE: Students were given the topics ahead of time and asked to prepare arguments for both sides of the two debate topics. Students were divided into four teams and assigned to argue the pro or con side of one debate topic randomly. Four judges from the community were recruited to evaluate the debaters’ performance. The four debate teams all began to debate at the same time. Two judges were asked to evaluate two teams at a time. They were given a rubric to evaluate the teams during a fifteen minute debate period. Teams were asked to conclude with their most compelling argument at the twelve minute mark.

Judges were given five minutes to determine the winning team and the top debater of the winning team. Once the winners were announced they were given their gift certificates.

PRIZES:

First Place Team $10 for each team member
Runner-Up Team $5 for each team member

Judges will determine to two top debaters of the competition who will each be given an additional $5.
